B.B. Huria

Across

- 1 S' in 'FPS'. (6)
- 5 The highest level of signal strength, as determined by the height of the signal's waveform. (4)
- 7 Any representations, such as characters or analog quantities, that have meaning to convey. (4)
- 8 L' 'PAL', i.e. a TV standard in which the phase of the color carrier is alternated from line to line. (4)
- 9 Number of wiring devices that can be installed in an electrical box. (4)
- 10 A device that allows a selection between more than one source, such as video cameras, VCRs, etc. (8)

- 12 C' in 'CMYK' stands for _____. (4)
- 13 _____ panel: A passive device, typically flat plate holding feed-through connectors, that allows temporary circuit arrangements and rearrangements by simply plugging and unplugging patch cables. (5)
- 14 A conversational type of communication that allows the parties at each end to talk when they like instead of at a prescribed time. Used in videoconferencing. (12)
- 18 A source for data or a signal to be used by another device. (5)
- 20 E' in 'ECL', a family of high speed, low power IC logic devices. Also called "current mode logic." (7)
- 21 An external device that a

CPU communicates with, such as a printer, mouse, disk drive, or interface. (10)

Down

- 2 C' in 'ADC' stands for _____. (9)
- 3 It develops standards for digital displays. Developer of the DVI standard. (4)
- 4 S' in 'NTSC', the TV standard in North America. (9)
- 5 _____ device: A general term used to define a video projector, plasma display, presentation monitor, or other large format data display device. (12)
- 6 A' in 'DAT' stands for _____. (5)
- 11 A device made up of one or more pairs of conductors, separated by insulators and capable of storing an electrical charge. (9)
- 15 _____ gate: An audio processing device that reduces background noise by muting a sound signal when it falls below a pre-determined level, and restores it when the level increases again. (5)
- 16 U' in 'UXGA'. (5)
- 17 _____ contact closure - A pair of electrical contacts that carry no live voltage. (3)
- 19 A small picture within a larger picture created by scaling down one of the images to make it smaller. (3)
